ACTIVITIES OF INSURANCE BUREAU DIVISIONS

OFFICE OF CONSUMER PROTECTION

The Office of Consumer Protection and Enforcement has as its primary mission protecting insurance consumers in Michigan and assisting them with problems and questions that they have relating to insurance in the State of Michigan. The Office of Consumer Protection and Enforcement (OCP) staff work to assure that Michigan insurance consumers get what they bargain for in the insurance relationship — that the coverage for which they pay is placed in force, and that all benefits deriving to those consumers from insurance contracts are, in fact, paid.

OCP is responsible for enforcement actions against licensees of all types pursuant to the requirements of the Insurance Code generally. The great bulk of the Bureau's administrative prosecutions are executed by OCP staff in the Consumer Protection Compliance Division.

Consumer Assistance Division (CAD)

This division assists consumers who have experienced problems with their insurance or who have questions regarding insurance. CAD is often able to mediate disputes between the consumer and company to the advantage of the consumer. In 1985, CAD received 948 written inquiries, 6,750 written complaints, held 283 "walk-in" personal conferences, and responded to 22,664 telephone inquiries. CAD staff examined 11,756 complaint files and closed 6,319 such files in 1985.

In addition to administration of the Bureau's complaint review process, CAD has responsibility to conduct informal hearings required under the Essential Insurance Act. In 1985, CAD held 28 such informal reviews of consumers' grievances.

Market Conduct and Investigation Division (MCAID)

The Investigation Division is responsible for investigating consumer complaints where it is alleged that an insurance licensee or company has violated the Insurance Code in its dealings with their clients.

During 1985, 310 cases of alleged violations were opened. These cases dealt with such problems as misappropriating insured's monies and misrepresentation or failure to conduct business in a fair and honest manner. With 6 investigators staffing the division, MCAID closed 258 cases of which 204 were pursued through compliance.

Although this unit retains responsibility for market conduct examinations of insurers, staffing resources and internal priorities continue to preclude the MCAID staff from initiating any formal marketing practice audits during calendar year 1985.

Consumer Protection Compliance Division (CPCD)

This division is primarily responsible for the prosecution of administrative and compliance cases and their resolution.

During 1985, 1,816 cases were closed by staff, 85 licenses revoked and 8 suspended. Assessment for civil penalties and market conduct fees amounted to \$174,343 in 1985. Overall, staff was able to obtain restitution for Michigan consumers in the amount of approximately \$283,000.

OFFICE OF FINANCIAL STANDARDS

This office administers regulations to assure that insurance companies can meet their contractual responsibility to policyholders when claims are submitted. In regulating for solvency, company financial records are audited, examined and analyzed.

Financial Examinations Division

This division's primary responsibility is conducting on-site financial examinations of insurers licensed in the State of Michigan so as to assure continued company solvency and compliance with the statutes, thereby protecting the insurance buying public. In addition, the division is responsible for the annual valuation of reserves of domestic life insurers and alien life insurers using Michigan as a port of entry state.

In 1985, the Bureau's staff of 13 examiners participated in 17 examinations. All of the companies were domiciled in Michigan and 7 examinations were conducted under the auspices of the National Association of Insurance Commissioners with the participation of examiners from other states.

The Bureau's on-site examination cycle increased to an average of over 6 years per company in 1985, with some companies going 7 or 8 years without an examination. Recognizing this backlog problem, the Bureau sought and obtained legislative approval to hire 12 additional examiners over the next 3 years. With this increased staffing, the Bureau has established as its minimum goal, a five-year examination cycle for all companies and a three-year cycle for many companies.

Financial Analysis Division

Every insurer licensed to transact insurance in the State of Michigan is required by statute to file a detailed financial statement covering the preceding calendar year on or before March 1 of each year. This division is responsible for analyzing approximately 1,450 detailed annual financial statements each year, as well as less detailed quarterly statements from many of those companies. Also audited are statements filed by unlicensed companies under the surplus lines provisions of the Michigan insurance laws. Analyses are performed to determine financial solvency and to ensure compliance with various statutory requirements.

During 1985, over 35 actions were taken by the Financial Analysis Division for the protection of Michigan policyholders. The actions included premium or policy count restrictions, suspension orders, deposit and/or voluntary restraints. This was a 100% increase since 1984 in the number of actions taken.

The increase in actions taken is due primarily to the current economic condition of the property-casualty industry. It is the purpose of this division to take corrective measures for the benefit and protection of Michigan residents and policyholders before the companies develop severe financial difficulty.

The Financial Analysis Division is also responsible for administration of the Premium Finance Act. As of December 31, 1985, there were 37 premium finance companies licensed in Michigan.

Market Standards Division

This division assures that rates for insurance policies marketed in Michigan are not excessive, inadequate, or unfairly discriminatory, and that benefits are reasonable in relation to the premium charged. Insurance contracts are examined for required clauses and to make sure they are not ambiguous or misleading.

There is a trend in the insurance business to provide easy-to-read policy forms. This phenomena has increased the filing activity to replace obsolete insurance contracts with the more readable counterparts.

The availability of medical malpractice, liquor liability and municipal liability insurance continues to be a serious problem. These lines and others that are hard to place generate increasing numbers of calls from individuals and businesses seeking insurance coverage. This division attempts to match the potential policyholder with an appropriate market when possible.

In 1985, the division acted on 7,324 property and liability rate and form submissions. In addition, 14,102 individual policy forms were approved or disapproved.

In 1985, the Life and Health Section received 7,658 life and health policy forms or rate filings and 2,338 advertising pieces or marketing plans. In addition, 1,103 miscellaneous filings were received, such as lists of exempt forms, accident and health experience exhibits, discretionary group life filings, and miscellaneous consumer and industry inquiries.

OFFICE OF HEALTH INSURANCE

The Office of Health Insurance administers regulatory programs pertaining to prepaid health care and dental care service corporations, and health maintenance organizations. Unlike any other office in the Insurance Bureau, this office is structured along programmatic lines rather than along functional lines and its responsibilities encompass all aspects of regulation. The various functions performed in this office include licensing, financial standards and surveillance, market standards and practices, consumers assistance and complaint investigations, rate approval and monitoring, subscriber and provider contract approval, and policy and program development.

This office is divided into two areas of responsibility: the Blue Cross and Blue Shield of Michigan (BCBSM) and Delta Dental Plan (DDP) Division and the Health Maintenance Organization (HMO) Division. The above-mentioned functions are carried out by each division in its area of responsibility.

HMO Division

Health Maintenance Organizations (HMOs) continue to progress as an alternative to traditional "fee-for-service" arrangements. HMOs have been very effective in controlling hospital utilization and providing a more efficient means of delivering health care. Statistics show that HMOs have been able to reduce hospitalization by over 21 percent from 530 days per 1,000 members in 1981 to 414 days per 1,000 members in 1985. During 1985, enrollment in HMOs increased by over 41 percent from approximately 750,000 to 1,057,000 members. While this is a very healthy growth for the industry, only about 11 percent of Michigan's population is enrolled in HMOs. With the increased promotional efforts of business, labor, and government, and with the increasing number of HMOs, it is expected that this percentage will increase significantly in the future. Two new HMOs were licensed in 1985 bringing the total at year-end 1985 to twenty-one licensed HMOs. An additional four new applications were in the licensure process as of the end of the year. Relicensure applications of eight HMOs were also processed and approved during the year. In addition, existing HMOs continued to expand their service area into new communities, thus making more HMOs available to more people.

Alternative Health Care Financing and Delivery Systems (AFIDS) are entities which share many of the characteristics of HMOs but do not meet all the statutory requirements for HMOs. An entity can be licensed as an AFIDS under Section 21042 of the HMO Act if it meets certain requirements and the Insurance Bureau and Department of Public Health determine that the system will benefit the public. To qualify for licensure, an entity must offer health care benefits, and must be organized so that both the entity and the providers are at risk for the cost of services. This program permits otherwise unregulated entities to offer beneficial and cost-efficient health care arrangements that do not fit within the traditional regulatory schemes. In most cases, entities licensed as AFIDS offer prepaid limited line capitation programs such as prepaid dental or vision services. In 1985, four AFIDS were licensed bringing the total to six licensed entities and six other applications were in the licensure process at the end of the year. The growth of AFIDS will have a very positive impact on health care utilization and cost control efforts in Michigan.

BCBSM and DDP Division

BCBSM provides coverage for medical and hospital care to almost five million persons, over half of the state's population. It has contracts with every hospital and provides payments to the majority of physicians in the state. It also administers the federal Medicare program in Michigan.

The first major legislative reform of BCBSM since its inception in 1939, P.A. 350, was scheduled to take effect April 3, 1981. The implementation of this Act was blocked by an Ingham County Circuit Court injunction issued on April 2, 1981 prohibiting P.A. 350 from going into effect. On April 16, 1985, the Michigan Supreme Court substantially upheld P.A. 350, and the law took effect on August 27, 1985. The Act restructures the Board of Directors of BCBSM to increase consumer representation. It also embodies a significant reduction in direct authority of the Insurance Commissioner over corporate reserves, rates of reimbursement to hospitals, and subscriber rates.

It does, however, provide an imaginative regulatory approach toward solving the pressing problem of health care cost increases. Health care cost increases and accompanying health service utilization increases continue to be a major concern to the Office of Health Insurance. This led to a 7.34 percent increase for nongroup and group conversion subscribers which went into effect on November 1, 1985. BCBSM also agreed to offer to nongroup and group conversion subscribers an individual coverage Health Maintenance Organization (HMO) option offered through their subsidiaries. This new option is able to offer greater benefits at a lower cost for those that choose this managed care coverage.

To hold down the cost of health care benefits for area rated accounts, a precertification of elective hospital admission was offered to all small group accounts. Because it is anticipated this program will reduce costs, those area rated groups that choose this precertification option received an average increase of 3.65% while those that did not select precertification had a 10% increase.

Finally, BCBSM agreed to offer early in 1986 to other than group Medicare Complementary subscriber a HMO option through these HMO or HMO-like subsidiaries. These programs were offered at a price significantly less than the BCBSM traditional coverage.

The service areas of the BCBSM HMO subsidiaries do not cover all of the State of Michigan. These OTG Medicare subscribers who live outside the BCBSM HMO service areas did not receive a rate increase. The monthly rate remained at \$36.36 per month for high option coverage and \$18.70 for low option coverage.

Those persons living in the BCBSM HMO service areas were given the option of joining the HMO program or remaining in BCBSM's traditional OTG supplemental coverage. The rate of those that chose to remain with the OTG supplement were increased to \$41.59 per month for high option and \$20.75 for low option coverage.

BCBSM's unassigned reserves continued to grow in 1985 to \$373,087,124 indicating strong financial health. The company wrote \$3,348,161,337 in premiums and incurred \$3,117,316,707 in losses.

Delta Dental Plan finished its 26th year of operation by providing over \$188 million dental benefits to its group subscribers. Total assets increased almost \$16,000,000 to \$91,814,139. The corporation showed continued growth and a strong financial position, with unassigned reserves of approximately \$58 million.

OFFICE OF LICENSING AND ADMISSIONS

Overall supervision of company admissions and licensing of insurance practitioners is the primary responsibility of this office. It is also assigned liaison and monitoring responsibility for the Property and Casualty Guaranty Association.

The Surplus Lines Unit monitors the activities of the surplus lines agents and insureds who secure coverage directly from eligible unauthorized insurers. The Bureau received surplus lines premium tax payments from agents totaling \$4,282,581.93 and \$412,419.59 from insureds on direct placements in 1985. These taxes were generated by a total premium volume of \$218,831,866.04 in the surplus lines market. New surplus lines licenses were issued to 34 agents. There are 183 surplus lines agents licensed in Michigan.

Agency Licensing Division

The Agency Licensing Division is responsible for the examination and licensure of insurance practitioners, collection of license related fees, and maintenance of the license records. During 1985, the division administered 12,333 qualifying examinations and issued 13,769 licenses. The division processed 73,692 notices of appointment and 71,737 appointment cancellations. As of December 31st, the number of all licenses in active status were as follows:

	Individual	Corporate
Resident Agent	40,277	4,058
Solicitor	3,164	
Nonresident Agent	7,932	1,458
Surplus Lines Agent	55	128
Adjuster for Insured	88	
Insurance Adjuster	824	
Insurance Counselor	1,091	
Administrative Service Manager	117	

The number of appointments invoiced for renewal totaled 373,585.

Insurer Licensing Division

The Insurer Licensing Division is responsible for the licensure of foreign and alien insurers seeking admission to Michigan, and for the organization of new Michigan insurance companies. The total number of authorized insurers on December 31, 1985 was 1,339, an increase of 3% over 1984.

The division is also responsible for the collection and audit of premium taxes. In fiscal year ending September 30, 1985, approximately \$98 million of revenue was generated by the collection of these taxes.

Additional duties include maintenance of corporate and historical files, review of requests for additional authority or corporate reorganizations, accepting service of process served on the Commissioner of Insurance as resident agent for foreign insurers, and the licensure of third party administrators. Third party administrators were first made subject to state licensure by Public Act 218 of 1984 which took effect on January 1, 1985. As of December 31, 1985, 69 third party administrator licenses had been granted, four applications were denied, and six applications withdrawn.

Domestic Companies Incorporated in Michigan During 1985

The following companies were incorporated in the State of Michigan and authorized to commence the business of insurance during 1985:

Name	State of Domicile	Type of Insurer	Effective Date
American Community Casualty Insurance Company	Michigan	Stock	09-17-85
Great Midwest Insurance Company	Michigan	Stock	11-21-85

Star Insurance Company	Michigan	Stock	10-31-85

Foreign and Alien Insurers Admitted to Michigan in 1985

During 1985, a total of 54 new applications for admission were received, and one application was reactivated, in addition to 28 applications pending on December 31, 1984. Action was taken on 56 applications during calendar year 1985. Forty-three applications were approved, ten applications were withdrawn by applicant companies at our request, one application was denied, and two were inactivated, leaving 27 applications pending on December 31, 1985.

The following list of 47 companies authorized to transact insurance effective during calendar year 1985 includes two applications processed in 1986 with 1985 effective dates. The list also includes the reorganization of two U.S. Branches of alien insurers into New York corporations, which were approved without the New York corporations filing applications for admission.

Surplus Lines Insurers Approved in Michigan During 1985

Surplus lines insurance can generally be defined as coverage procured from, continued, or renewed with an insurer not licensed in Michigan because the coverage is unavailable by statutory definition from the licensed market. The Bureau maintains a list of unlicensed insurers identified as eligible unauthorized insurers through which licensed surplus lines agents may transact insurance business.

During 1985, three new insurer applications for surplus lines approval were received. No applications were pending on December 31, 1984. Of these applications none were approved to transact surplus lines insurance and one was withdrawn, leaving two applications pending on December 31, 1985.

RECEIVERSHIP DIVISION

Insurance companies doing business in the State of Michigan which become insolvent are supervised by the Commissioner of Insurance as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court. The Commissioner of Insurance, being accountable to the court for the receiverships, is empowered to appoint a deputy receiver to act as the Commissioner's agent and to employ counsel as may be necessary to administer the trust. The cost of such administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluating claims filed by all interested parties in order to determine the total claim liability against the insolvent insurer, and the investing and conserving of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.

Following is a brief report concerning the status of each domestic insurer in receivership for the period January 1, 1985 through December 31, 1985:

Commercial Underwriters

Commercial Underwriters, a Michigan reciprocal insurance exchange, was placed in permanent receivership on May 8, 1974. Pursuant to Section 7916 of the Michigan Insurance Code, the Auto Club Insurance Association (formerly the Detroit Auto Inter-Insurance Exchange) was appointed by the Michigan Property and Casualty Guaranty Association to act as the servicing facility for Commercial Underwriters. Its financial status as of December 31, 1985 is as follows:

FINANCIAL					
Assets		Liabilities		Net Worth	
\$448,488		\$3,459,509		(\$3,011,021)	
CLAIMS					
Number Received	Number Settled	Number Denied	Number Open	Amount Paid	Outstanding Reserve

Independent Liberty Life Insurance Company

Independent Liberty Life Insurance Company, a Michigan life and accident and health insurer, was placed in receivership on July 13, 1983. The Michigan Life and Health Insurance Guaranty Association was appointed by the court as deputy receiver in this matter.

The receivership was active as of December 31, 1985, but no statistics are available for publication.

Ancillary Receiverships

Ancillary receiverships are Michigan court proceedings involving insolvent insurers domiciled in other states or countries. The Insurance Commissioner was the statutory ancillary receiver for the following insurers in 1985:

Ancillary Receiverships	State of Domicile	Ancillary Date
Citizens Casualty Company	New York	07-09-71

OFFICE OF POLICY AND COMPLIANCE

This office performs a variety of functions within the Insurance Bureau. The Hearings Division conducts administrative hearings on topics ranging from alleged violations of the Insurance Code by licensees, to rate filing reviews, to resolving disputes between consumers and insurers. Actuarial services such as analysis of selected rate filings and review of insurers' reserves are provided to other divisions within the Insurance Bureau by the Actuarial Analysis Division. This division also develops and maintains computerized information systems to monitor competition in the markets for home, auto and workers' compensation insurance.

The Regulatory Standards Division provides research capability to the Commissioner of Insurance. Staff in this division analyze current problems encountered by the Insurance Bureau in its regulatory role and develop recommendations for dealing with these problems. The division also analyzes proposed legislation and participates in implementing new statutes. In carrying out these functions, the Regulatory Standards Division develops rules, bulletins and guidelines which convey the Insurance Commissioner's policy positions and interpretations of the Insurance Code.

Taken as a whole, these components of the Office of Policy and Compliance work together to articulate a regulatory policy to be applied to the business of insurance, and join with others areas of the Insurance Bureau to enforce regulatory policy.
